Arab Open University

AOU Admission Criteria

Admission Criteria

Undergraduate Programmes:

General Admission Criteria

- To be admitted in any bachelor programme the applicant should have fulfilled the following conditions:
- Obtain a general secondary school certificate or equivalent.
- Fulfil any other conditions determined by the University or competent authorities of the Branch country.
- The Branch Council shall devise and approve a specific admissions policy pursuant to admission requirements in the Branch country.
- Any applicant who meets admission requirements and who could not be admitted due to competition may re-apply in any forthcoming opportunity.
- The Branch may admit students willing to study specific courses as non-registered students provided that they fulfil the pre-requisites for these courses if required, or any other conditions determined by the nature of these courses.
- A student who studied at the Branch as a non-registered student in previous semesters maybe enrolled in any of the programmes offered in the Branch after filing an application for admission during the specified period. Upon his/ her request, courses studied in the Branch or in any other branch will be credited to him/her provided that they are consistent with the study plan of the programme in which he/she was admitted and that the grades he/she earned in these courses shall be entered in his/her new academic record.
- The students' intake in any programme will be decided as per the numbers set by the Ministries of Higher Education in each Branch Country.

Branch specific admissions policy:

1. KSA Branch:

- For admission to any of the bachelor's programs, the following are required:

1. The applicant has obtained a high school certificate issued by the Saudi Ministry of Education, and with the exception of that, i.e.:
 - Secondary certificate issued by international foreign schools in Saudi Arabia.
 - Secondary school certificate issued outside Saudi Arabia.
2. Passing the "standardized test" approved by the "National Center for Measurement".
3. Applicants for admission to the ITC College must obtain a high school diploma "scientific path"
 - The university may accept those wishing to study certain courses as unregistered students, subject to any other conditions determined by the nature of studying those courses.
 - A student who has studied at the university as a non-admitted student in previous academic semesters may apply for admission during the periods specified by the university administration in any of the offered programs and in a manner that does not conflict with the admission requirements. In the event that student is accepted - and upon the student request - the courses that student previously studied are calculated for the student, provided that they are in line with the current approved study plan for the program in which he was accepted, so the grades student previously obtained in those courses are monitored in the student new academic record.

2. Kuwait Branch:

- Secondary school certificate.
- Minimum of 60% on the general secondary school examination or GPA 2 out of 4. Secondary school graduates may be exempted from this minimum if four years or more had passed on their graduation year.
- If the number of applicants exceed the need, they are rank ordered for selection purposes.
- 50% of the seats are allocated for Kuwaiti students and the other 50% for non-Kuwaitis.

3. Jordan Branch:

- Secondary school certificate.
- Minimum of 60% on the general secondary school certificate.
- Admission to programmes is subject to local authority regulations

4. Egypt Branch:

- Secondary school certificate.
- Minimum of 55% (Egyptians) and 50% non-Egyptians on the general secondary school certificate.
- Admission to programmes is subject to local authority regulations

5. Bahrain Branch:

- Secondary school certificate.
- Admission to programmes is subject to local authority regulations.

6. Lebanon Branch:

6- Lebanon Branch:

- Secondary school certificate or Technical Baccalaureate Certificate (BT3), on condition that such students enroll in the field of specialization relevant to the technical track as determined by the Lebanese Ministry of Higher Education
- Admission to programmes is subject to local authority regulations.

Non- Degree Courses:

- An individual wishing to register any course in AOU Lebanon, on a non-degree basis, should hold a Lebanese Baccalaureate or its equivalency.
- Student will have to pay (a onetime application fee), and regular registration and service fees every semester of their registration.
- Student will be assigned a special AOU ID.
- Non-degree students will not be requested to take a placement test.
- No restrictions on course prerequisites for non-degree students.
- Following their registration, non-degree students will be advised by the respective/relevant program coordinator.

- Non-degree students will attend the regular classes and take the required assessments.
- As per VPAA& SR recommendation, upon successful completion of the course, non-degree students can be given a certificate of completion signed by the branch director and the registrar.
- A transcript will be issued for this category of students which is titled “Non degree students”.
- Non-degree students are only allowed to take up to 32 credits of major courses, on a non-degree basis (this is the number of track specific major courses).

7. Oman Branch:

- Secondary school certificate.
- Admission to programmes is subject to local authority regulations.
- For law students (only) requires:
 1. The student is at least 25 years old.
 2. A proof certificate of employment. (From ministry of labour for employees in the private sector, as for employees in the government sector should bring a letter from the workplace.)

8. Sudan Branch:

- Secondary school certificate.
- Minimum of 60% on the general secondary school certificate.
- Admission to programmes is subject to local authority regulation.
